

HOSPITALITY · SOVEREIGN BUSINESS BOT

Meet HotelGPT.

Turn hotel enquiries into confident booking conversations.

Answers, qualifies and guides guests from the first question—while your hotel remains in control.

Powered by AiFrogi

ONE HOTEL. ONE CONVERSATION.

One guest. Three connected moments.

HotelGPT follows the hospitality journey before, during and after the stay—without taking human judgement away from the hotel.

01 · PreStay

Answer, qualify and guide booking conversations.

02 · InStay

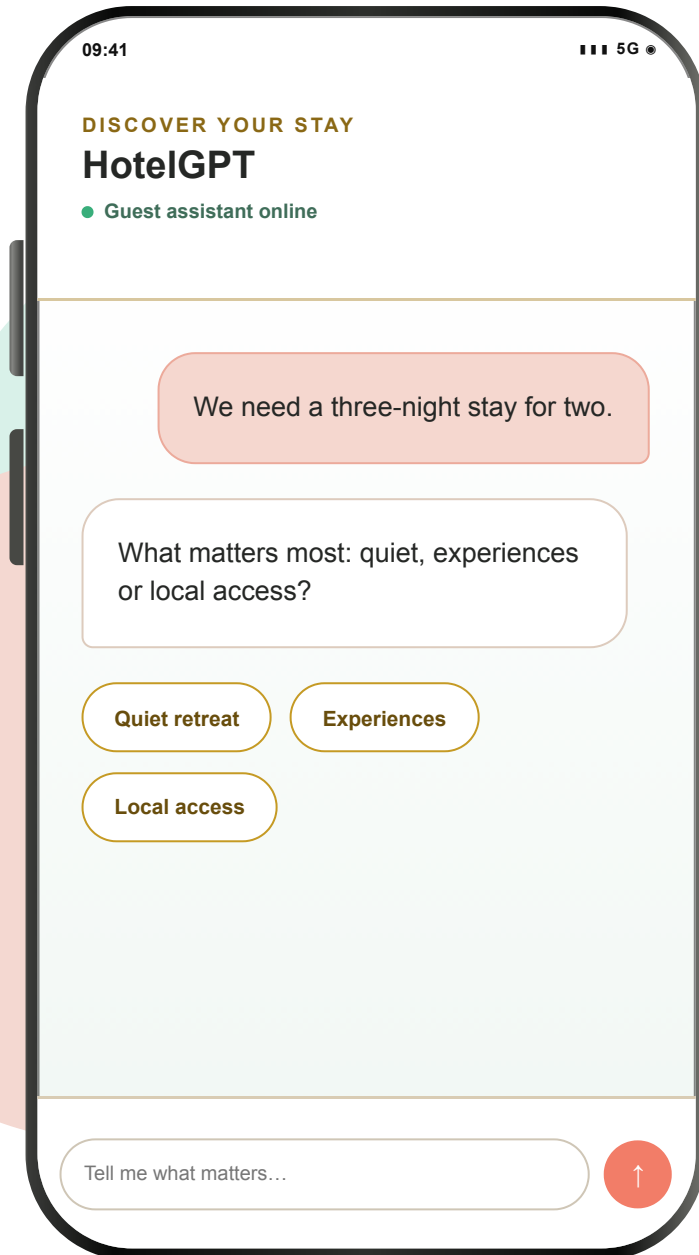

Capture, route and track guest service requests.

03 · PostStay Review

Collect feedback and invite an approved public review.

One hotel memory

Approved knowledge and accountable human control.

PRESTAY · BEFORE ARRIVAL

Guest Conversation Inbox

Booking questions, planning support and enquiries in one place.

A

Website guest

Which stay would suit two adults for three nights?

AI replied

R

Returning guest

Does the current package include breakfast?

AI replied

M

Website guest

Can the hotel confirm an early check-in?

Human needed

S

Direct enquiry

Please help me compare the available room types.

Qualified

BEFORE ARRIVAL

More than a chatbot. A confident first impression.

HotelGPT handles repeatable questions, captures stay intent and brings the reservations team into the same conversation.

Guest questions

Stay requirements

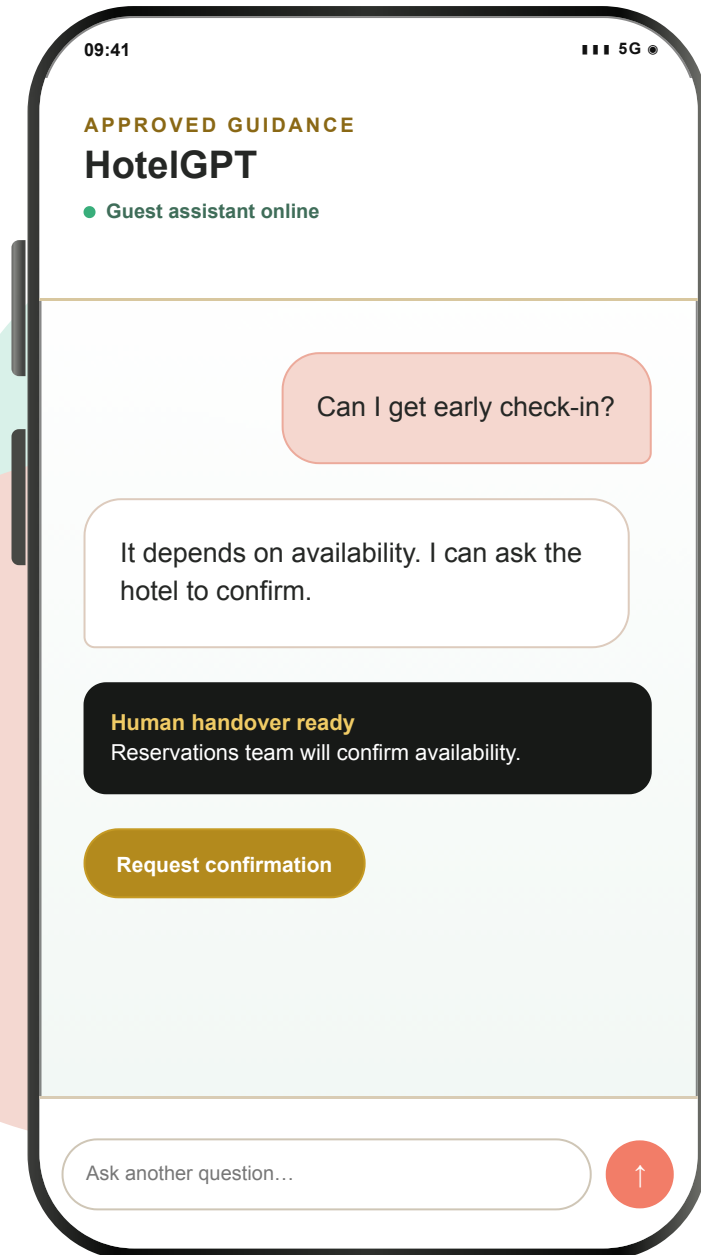

Approved offers

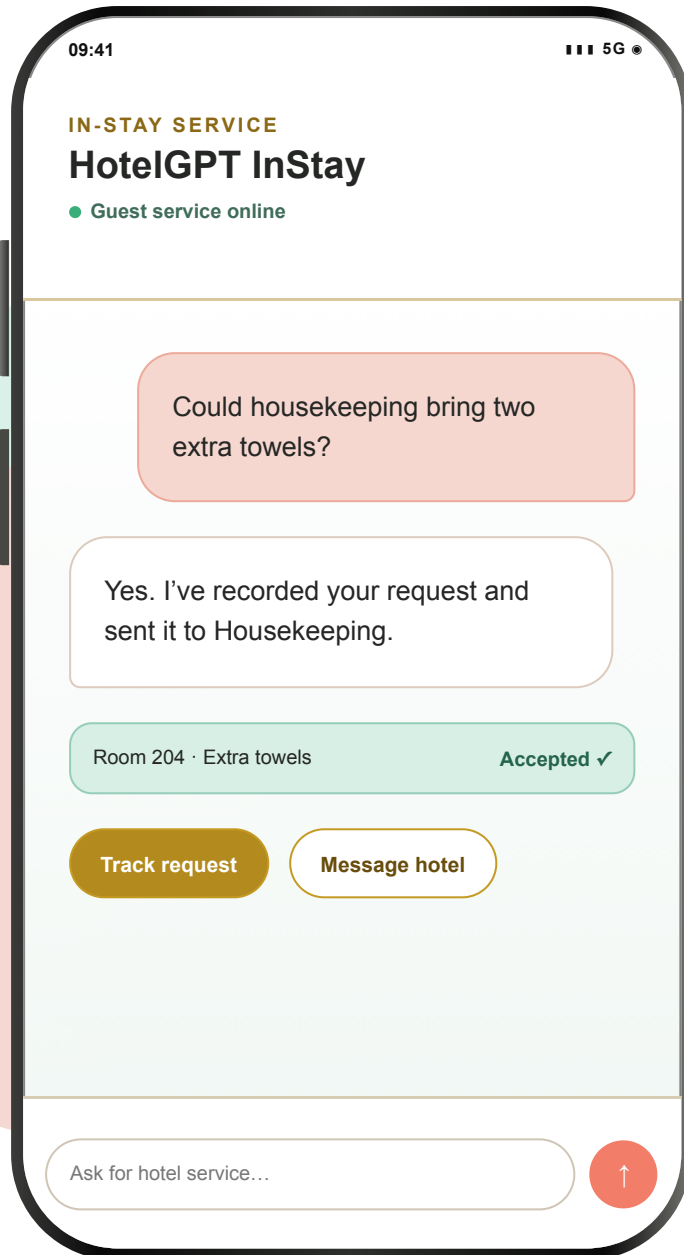

Human handover

APPROVED CAPABILITIES

Helpful where authorised. Careful where it matters.

- 01 Guest question answering**
Fast responses grounded in approved hotel facts.
- 02 Stay requirement qualification**
Capture dates, preferences and reservation intent.
- 03 Offer and policy guidance**
Explain only what the hotel has reviewed.
- 04 Human handover**
Escalate exceptions, uncertainty and sensitive requests.

INSTAY · COMING UP

Every request becomes an **owned action**.

Guests ask from the room. HotelGPT records the need, routes it to the right department and keeps the guest informed.

START WITH ONE OUTCOME

Turn enquiries into confident booking conversations.

Begin with approved guest answers and stay-requirement qualification. Expand only when the experience and operating boundaries are ready.
